TeeSquare is a socially purposed edTech enterprise dedicated to providing affordable, empowering, and inclusive quality education in Pakistan.

TeeSquare envisions igniting an educational revolution in Pakistan by creating an equal opportunity to quality education.

A digital literacy platform - TEAM TALEEM talks to the learner through videos and listen to their inputs through worksheets.

It is designed to be the primary source of early education inculcating functional literacy & numeracy skills.

With Team Taleem's accelerated program, a learner with no prior educational background can advance to grade 2 level study in English, Urdu and Maths within just one year.

As of June 2023, 15 Learning Centres in 5 cities have enlisted Team Taleem for the benefit of almost 600 learners.
